CHINA · HUADONG ENTERTAINMENT EQUIPMENT CO.,LTD

HUADONG PLAY

— FOUNDED IN 1987

A comprehensive service provider integrating
Indoor R&D, design, production, installation,

and operation into one seamless solution.

COMPANY
>> INTRODUTCION

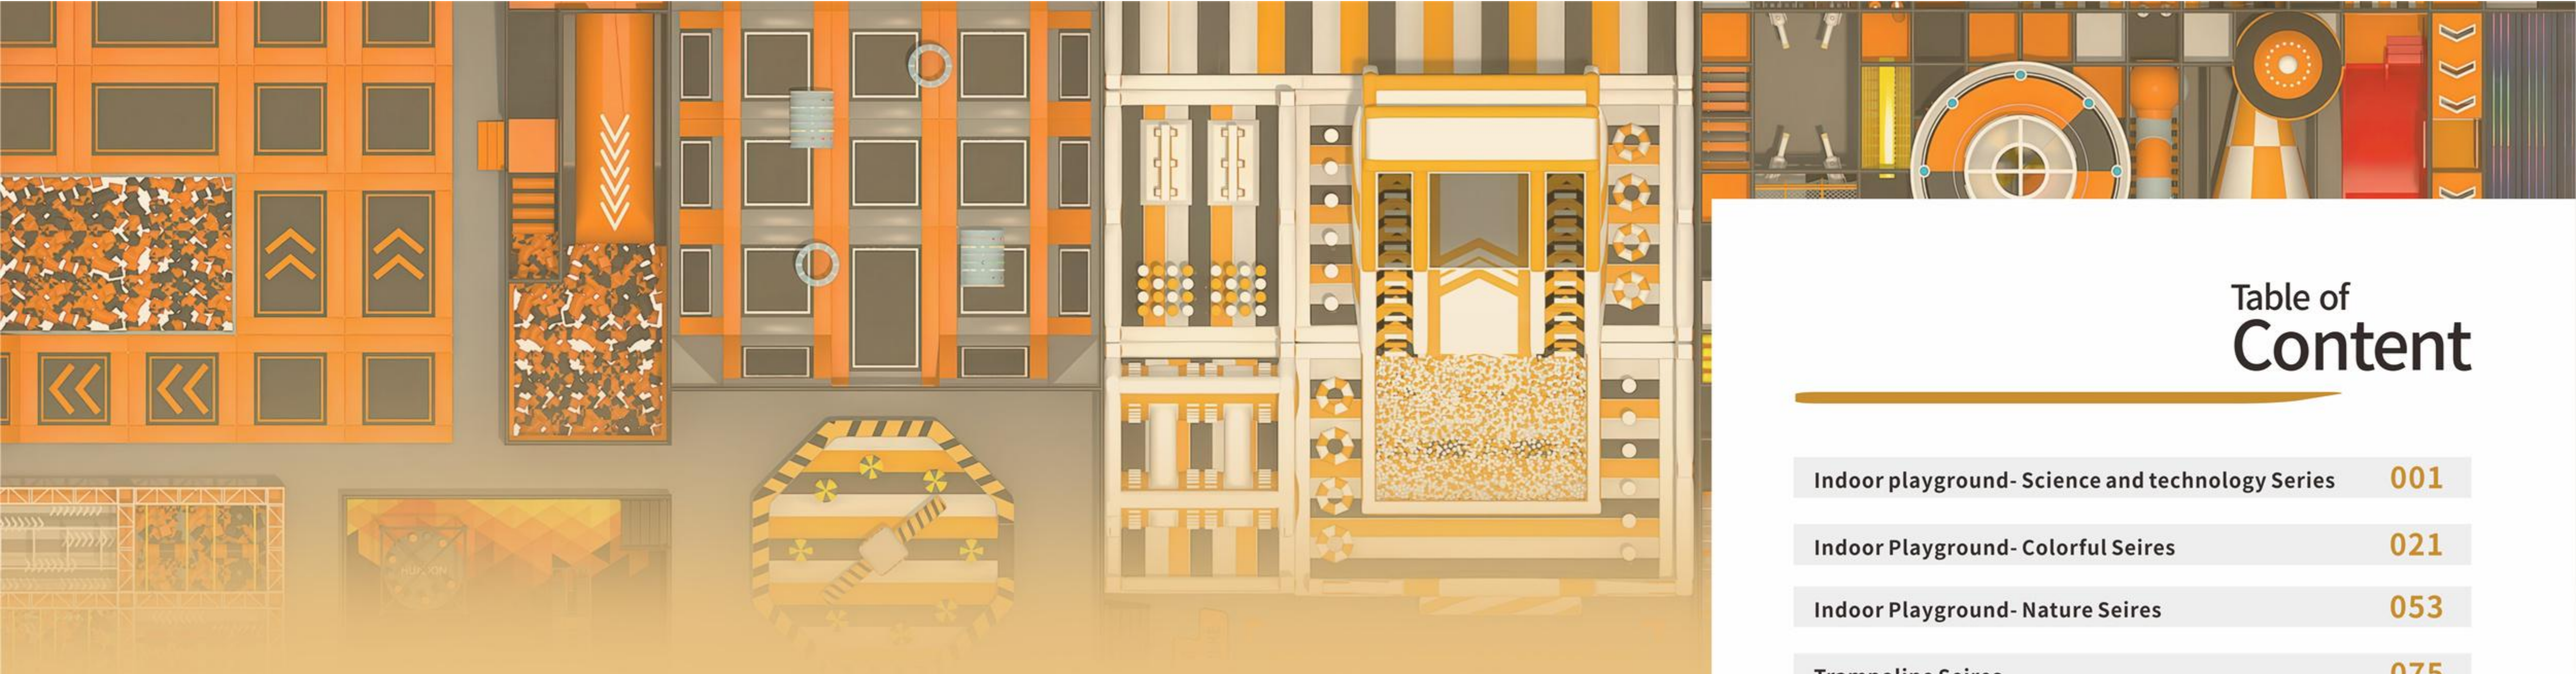

Huadong Play Equipment Co.,Ltd, It has been working on building up a reputable enterprise which manufacture high grade playground equipment for domestic market and abroad. The company has good market and won the great respect from the customers with special enterprise culture and scientific management since founded in 1987. And it has certified by ISO9001 quality management system, ISO14001 environmental management system, GB/T28001 health and safety management certificate, TUV international safety certification and won some authority certificates.

COMPANY
>> MISSION

The company has always adhered to its corporate mission of 'Creating with dedication, nurturing with love, and safeguarding the healthy growth of children worldwide.' For three decades, it has remained diligent and dedicated, weathering challenges while quietly contributing its modest strength to the global education industry, and devoting its wisdom and creativity to the healthy development of China's educational toy sector.

Guided by the R&D philosophy of 'Developing what others lack and perfecting what others possess,' the company has tirelessly delivered high-quality, innovative, practical, and diverse play equipment to the industry. From pioneering fiberglass swivel chairs to electric-powered devices, from large-scale play structures to diverse curved slides (evolving beyond basic straight slides), every innovation was first developed and produced by the company. These products have gained market recognition and validation before being widely adopted by industry peers.

Upholding the business principle of 'Honesty, integrity, and win-win collaboration,' the company has delivered its East China brand to over 120 countries and regions. Through strategic cooperation agreements with more than 300 global enterprises and individuals, the 'East China' product series continues to demonstrate its inherent value and cultural significance across international markets.

PREFACE

Welcome to our world of indoor playground equipment! Here, we have carefully selected a series of fun and creative play facilities designed to provide children with a safe, exciting, and imaginative play space. Whether it's the joyful ocean of the ball pit, the endless bouncing of trampolines, or the challenges and growth of adventure courses, we believe that every product can bring endless joy and unforgettable experiences to children.

Tropical Rainforest Children's Playland

Tropical Rainforest Children's Playland, a wonderland filled with fantasy and adventure. The overall layout features a streamlined design, as if guiding children through a mysterious tropical rainforest. Inside the playland, a crystal-clear river winds its way through the entire area, bringing coolness and joy to the children. Lush trees and various lifelike animal sculptures are scattered throughout, adding a touch of vibrancy and fun.

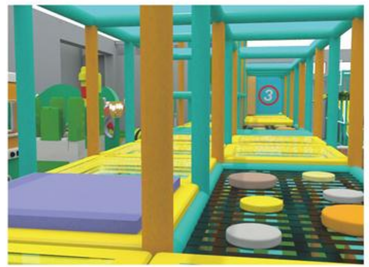

Inspired by the wonders of nature and the innocent dreams of children, the Tropical Rainforest Children's Playland is a fairy-tale kingdom where kids can lose themselves in endless delight.

Forest Exploration Children's Playland

When designing the Forest Exploration Children's Playland, we drew inspiration from both nature and technology, aiming to create a stimulating yet safe play space for children. The design of the trampoline area is inspired by the energy and dynamism of futuristic cities, incorporating modern technological elements to create a tech-savvy urban adventure environment.

The design of the Forest Exploration Children's Playland aims to balance technology and nature, offering children a diverse play experience through the stark contrast between the two themed areas.

Dynamic Trampoline Children's Playland

The design inspiration for Dynamic Trampoline Children's Playland comes from the vibrant days of childhood and boundless imagination. The overall color scheme is dominated by an enthusiastic red, aiming to create an energetic and dynamic environment that stimulates children's vitality and creativity.

The overall design not only focuses on entertainment but also cleverly incorporates educational elements, allowing children to learn and grow while having fun.

Space Trampoline Children's Playland

The design inspiration for Space Trampoline Children's Playland draws from the vast and boundless universe, seamlessly integrating space elements into every corner of the playland. In one corner of the playland stands a massive UFO-shaped structure, making visitors feel as though they are inside a spaceship from an alien world. Surrounding the spaceship are various combined trampolines, where children can bounce to their heart's content, experiencing the thrill of weightlessness.

Indoor playground Matching Products

To create a safe, comfortable, and fun-filled play environment, in addition to the core play facilities, well-designed auxiliary supporting facilities are equally indispensable. These supporting facilities not only provide children with a richer experience but also create a convenient and comfortable resting space for parents and accompanying adults.

Dinosaur-Themed Spray-Painted Background

The dinosaur-themed spray-painted background ingeniously blends mechanical dinosaurs with primal dinosaur elements, presenting a fascinating collision between the prehistoric and futuristic worlds.

This design is specifically crafted for indoor environments, aiming to let children feel the awe and mystery of the dinosaur world as they play, thereby sparking their curiosity and desire to explore the unknown.

Welcome to Naughty Castle Paradise - Interstellar Adventure Station! Against the backdrop of the vast universe, we have infused every corner with children's imagination and spirit of exploration. Here, little ones can travel among colorful planets and experience the joy of becoming young astronauts. From the mysterious Saturn slide to the dazzling starry ball pool, every play facility embodies the perfect blend of science and fantasy.

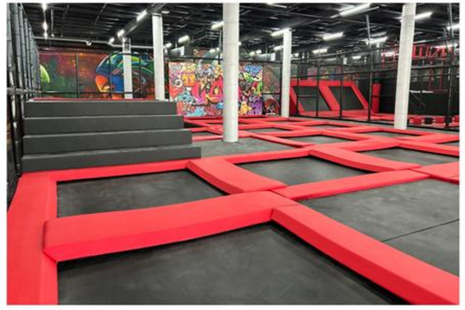

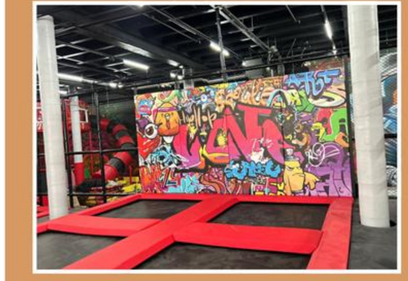

The trampoline park boasts a wide variety of trampoline facilities, catering to both extreme sports enthusiasts looking to challenge themselves and families seeking interactive fun. Our thoughtfully designed trampoline zones, obstacle courses, and free jump areas allow every participant to fully release stress and experience the thrill of flying through the air. Let's jump to our hearts' content in this sea of red, unleash our passion, and enjoy unparalleled moments of joy!

As the pursuit of a healthy lifestyle continues to grow, indoor comprehensive adventure climbing has become an ideal choice for urban dwellers to relieve stress and build friendships, thanks to its unique blend of fun and challenge. This project will provide a detailed introduction to the design philosophy, facility composition, and anticipated social benefits of indoor comprehensive adventure climbing. It aims to inject new vitality into urban life while opening up new directions for the development of the sports industry.

We believe that colors not only spark children's imagination but also nurture their aesthetic abilities. Naughty Castle Paradise is an ideal place for family gatherings and parent-child interactions. We are committed to providing children with a safe, fun, and educational environment. Here, every child can find their own joy, and every family can create warm memories. Let's explore the magic of colors and unleash the happiness of childhood together at Naughty Castle Paradise!
