HUADONG PLAY

FOUNDED IN 1987

COMPANY
>> INTRODUTCION

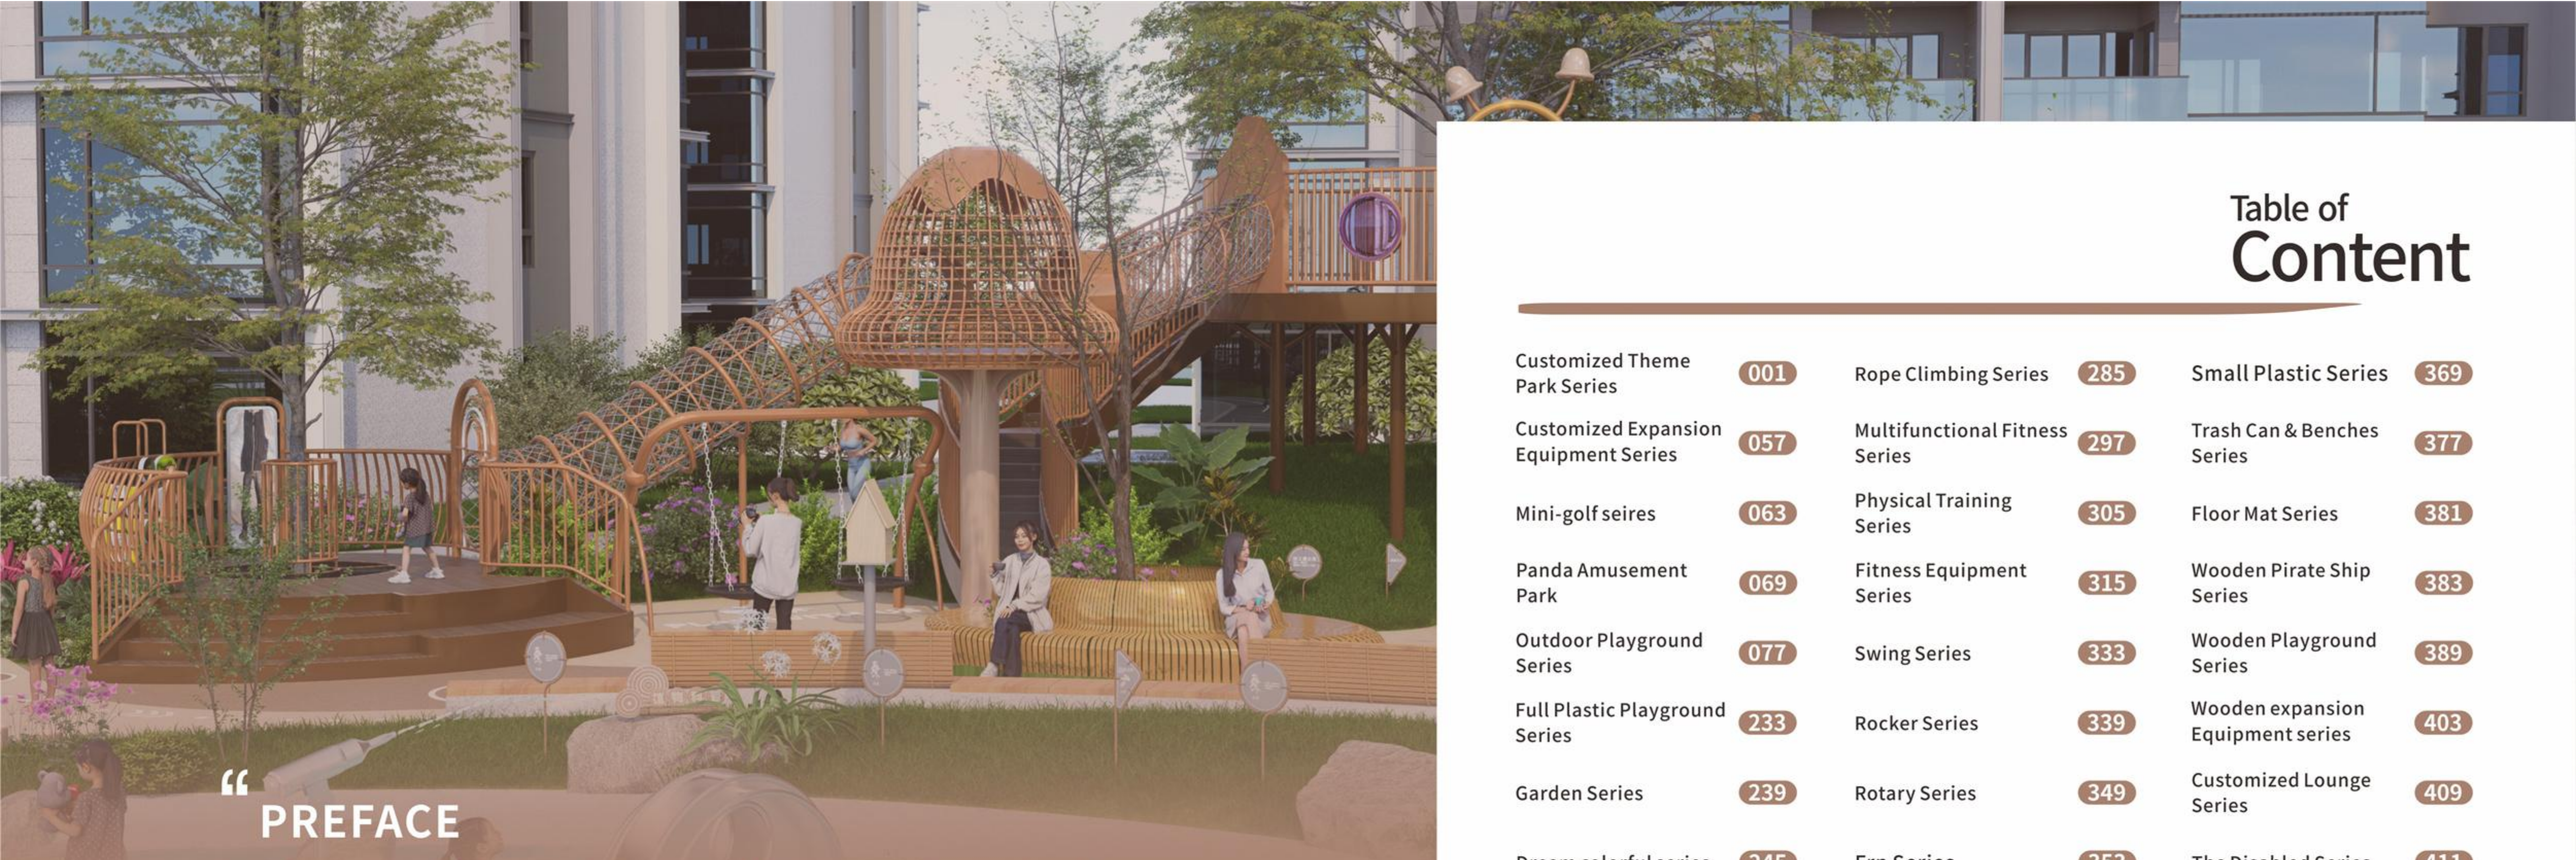

Huadong Play Equipment Co.,Ltd, It has been working on building up a reputable enterprise which manufacture high grade playground equipment for domestic market and abroad. The company has good market and won the great respect from the customers with special enterprise culture and scientific management since founded in 1987. And it has certified by ISO9001 quality management system, ISO14001 environmental management system, GB/T28001 health and safety management certificate, TUV international safety certification and won some authority certificates.

COMPANY
>> MISSION

The company has always adhered to its corporate mission of 'Creating with dedication, nurturing with love, and safeguarding the healthy growth of children worldwide.' For three decades, it has remained diligent and dedicated, weathering challenges while quietly contributing its modest strength to the global education industry, and devoting its wisdom and creativity to the healthy development of China's educational toy sector.

Guided by the R&D philosophy of 'Developing what others lack and perfecting what others possess,' the company has tirelessly delivered high-quality, innovative, practical, and diverse play equipment to the industry. From pioneering fiberglass swivel chairs to electric-powered devices, from large-scale play structures to diverse curved slides (evolving beyond basic straight slides), every innovation was first developed and produced by the company. These products have gained market recognition and validation before being widely adopted by industry peers.

Upholding the business principle of 'Honesty, integrity, and win-win collaboration,' the company has delivered its East China brand to over 120 countries and regions. Through strategic cooperation agreements with more than 300 global enterprises and individuals, the 'East China' product series continues to demonstrate its inherent value and cultural significance across international markets.

IGLOO SERIES

This is a dreamland specially designed for children who yearn for the North and South Poles and love ice and snow adventures. Inspired by polar landscapes, the Snow House features a pure ice-and-snow white and polar blue color scheme throughout. Its roof replicates the shape of an Arctic snow hut, adorned with miniature polar bears and snowman ornaments — vivid and heartwarming. It is designed to ignite children's curiosity and desire to explore the polar world.

The Snow House series is not only a fantastical and playful wonderland but also a wonderful place for children to experience the charm of the poles, build courage, and form friendships with their peers.

CHINOISERIE SERIES

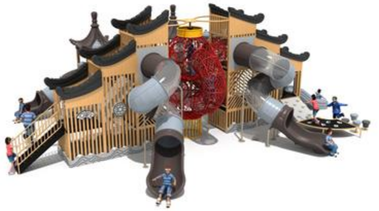

The Chinoiserie series comes from our R&D department developing a Chinese characteristic-Chinese elements-Chinese interest. The Chinoiserie series is inspired by Suzhou gardens and Huizhou architecture, blending into the concise, generous, lively and practical style of modern architecture, using the Huizhou architecture of blue bricks and tiles, the unique Suzhou gardens, and the small blue pavilion on the horse head wall. The towers and pavilions are staggered and varied. Combining with climbing, sliding, swinging and other functions to create a wonderful world of play for children. Children playing with it, feel different experiences, actively cultivate children's love for traditional Chinese culture, promote Chinese traditions, and personal experience.

ANIMAL WORLD SERIES

This is a magical forest. There are a group of cute animals living in the forest: Tame and tall giraffes, majestic tigers and lions, cute fat caterpillars, and ancient dinosaurs ... They love each other and live happily. Animals are Human's friends, due to human's destruction of the earth's environment and hunting of animals, animals on the verge of extinction are increasing day by day. Based on the concept of protecting animals, and using various animal shapes as inspiration, Huadong design team developed the animal world series. They hope to create a harmonious and wonderful animal family image for children through vivid and cute animal image modeling. When playing, Children would know the rich and colorful life in nature, and learn to respect and care for life.

FABLE SERIES

Generally speaking, children have a strong curiosity towards fable, It is not only interesting but also plays an educational role for children. This is the original intention why we develop fable series which meets the children's psychological needs. After analyzing, designers have choose several typicalstories:The moral of Everybody's Business is Nobody's Business: If without the insurance of rules and regulations, responsibility is not implemented, we can do nothing although a lot of people participated. It shows the importance of division of labor in a team. The moral of "How did Kongrong share pears ": we have to learn to be humility and develop good moral character. "Sima Guang broke vat," :You need to be calm and decisive, prioritize, empathy, breakthrough inherent thinking to seek another good way. The model of product is vivid and expressive, reflecting the ancient Chinese traditional culture.
